Data Flow Diagram

A Data Flow Diagram (DFD) shows how data moves through the HDI – A Comprehensive Measure of Well-being system. It illustrates the flow of information between users, processes, databases, and external data sources to calculate and display the Human Development Index.

DFD Symbol Legend

Symbol	Name	Description
Oval / Rounded shape	External Entity	A user or external organization that provides or receives data (e.g., User, Government Data Source).
Rectangle with numbered header	Process	A function that processes data (e.g., User Registration, HDI Calculation, Report Generation).
Rectangle (solid fill, no number)	Data Store	Stores user information, HDI indicators, calculation results, and history.
Labeled arrow	Data Flow	Represents the movement of data between entities, processes, and data stores

Example

The diagram below illustrates how the symbols above come together to form a complete data flow diagram.

Data Flow Diagram – HDI: A Comprehensive Measure of Well-being
